

# ORNER OA600 ARM ELEVATION PILLOW

---

---

**The Orner OA600 Arm Elevation Pillow** is the most effective product of its kind. Designed for comfort and ease of use after hand or wrist surgery, the OA600 allows your patient to keep their hand raised and protected while sitting, sleeping or standing. The Orner OA600 sets the standard in lightweight, comfortable support for patient at-home recovery.

## Orner OA600 Arm Elevation Pillow Features:

- Material: Medical-grade, latex-free, flame-retardant foam
- Velcro straps can be adjusted with one hand
- One size fits all
- Fits both right and left hands
- Dimensions: 14”H x 13”L x 7”W
- Weight: less than 1 lb.
- Packaged 10 per case
- Shipped compressed to save storage space
- Made in the USA

## Orner OA600 Benefits, Use and Care:

- Elevating the hand post-surgery reduces pain and swelling and improves the healing process
- Functions perfectly while the patient is in a sitting, standing, or sleeping position
- Contour shape keeps hand and wrist in proper position
- Provides excellent protection with minimal restraint
- Ideal for patient use at home
- For single patient use only
- Attractive gray color hides discolorations
- Disposable
